Notes to the Financial Statements

Ron Crouch Transport Pty Ltd
For the year ended 30 June 2025

1. Statement of Significant Accounting Policies

The directors have determined that the company is not a reporting entity and accordingly, this financial report is a special purpose report prepared for the sole purpose of distributing a financial report to members and must not be used for any other purpose. The directors have determined that the accounting policies adopted are appropriate to meet the needs of the members.

The financial report has been prepared on an accrual basis and under the historical cost convention, except for certain assets, which, as noted, have been recorded at fair value. Unless otherwise stated, the accounting policies adopted are consistent with those of the prior year.

The accounting policies that have been adopted in the preparation of the statements are as follows:

Income Tax

The income tax expense for the year comprises current income tax expense. The company does not apply deferred tax. Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at 30 June 2025. Current tax liabilities are therefore measured at the amounts expected to be paid to the relevant taxation authority.

Inventories

Inventories are carried at the lower of cost or net realisable value.

Property, Plant and Equipment

Property, plant and equipment is initially recorded at the cost of acquisition less, if applicable, any accumulated depreciation. Plant and equipment that has been contributed at no cost, or for nominal cost, is valued and recognised at the fair value of the asset at the date it is acquired. The plant and equipment is reviewed annually to ensure that the carrying amount is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the utilisation of the assets and the subsequent disposal. The expected net cash flows have been discounted to their present values in estimating recoverable amounts.

Freehold land and buildings are measured at their cost, less subsequent depreciation for buildings.

Investment Property

Investment property is measured at historical cost less accumulated depreciation and any accumulated impairment losses. Such cost includes the initial purchase price plus any related costs (eg legal fees, stamp duty and registration). The cost of any subsequent major renovation that is expected to increase the useful life of the investment property will be subsequently added to the cost. Investment property is depreciated over its useful life, which is estimated to be 40 years. Accordingly, depreciation is calculated at an annual rate of 2.5% of the depreciable amount. Depreciation rates are reviewed periodically.

Receivables

Receivables, including distributions receivable, are recognised at the nominal transaction value without taking into account the time value of money. If required a provision for doubtful debt has been created.

Financial Assets

Investments held are originally recognised at cost, which includes transaction costs. They are subsequently measured at fair value which is equivalent to their market bid price at the end of the reporting period. Movements in fair value are recognised through an equity reserve.

DRAFT

Payables

Payables represent the liabilities for goods and services received by the company that remain unpaid at 30 June 2025 and are recognised at their transaction price. They are subject to normal credit terms and do not bear interest.

Employee Benefits

Provision is made for the liability for employee entitlements arising from services rendered by employees to 30 June 2025. Employee benefits have been measured at the amounts expected to be paid when the liability is settled.

Provisions

Provisions are recognised when the entity has a legal or constructive obligation resulting from past events, for which it is probable that there will be an outflow of economic benefits and that outflow can be reliably measured. Provisions are measured using the best estimate available of the amounts required to settle the obligation at the end of the reporting period.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held on call with banks, other short-term highly liquid investments and bank overdrafts.

Revenue Recognition

Revenue is recognised in the income statement when it is probable that any future economic benefit associated with the item of revenue will flow to the entity, and the amount of revenue can be measured with reliability. Revenue is measured at the fair value of the consideration received or receivable.

All revenue is stated net of the amount of goods and services tax (GST).

Goods and Services Tax

Transactions are recognised net of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included in the balance sheet.

Directors Declaration

Ron Crouch Transport Pty Ltd
For the year ended 30 June 2025

The directors have determined that the company is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

The directors of the company declare that:

1. The financial statements and notes present fairly the company's financial position as at 30 June 2025 and its performance for the year ended on that date in accordance with the accounting policies described in Note 1 to the financial statements; and
2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors

_____

Director: Mr Geoff Crouch

Date:

DRAFT

Compilation Report

Ron Crouch Transport Pty Ltd
For the year ended 30 June 2025

We have compiled the accompanying special purpose financial statements of Ron Crouch Transport Pty Limited, which comprise the balance sheet as at 30 June 2025, the income statement, a summary of significant accounting policies and other explanatory notes. The specific purpose for which the special purpose financial statements have been prepared is set out in Note 1.

The Responsibility of the Director(s)

1. The directors of Ron Crouch Transport Pty Limited are solely responsible for the information contained in the special purpose financial statements, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet their needs and for the purpose that financial statements were prepared.

Our Responsibility

On the basis of information provided by the directors we have compiled the accompanying special purpose financial statements in accordance with the basis of accounting as described in Note 1 to the financial statements and APES 315 *Compilation of Financial Information*.

We have applied our expertise in accounting and financial reporting to compile these financial statements in accordance with the basis of accounting described in Note 1 to the financial statements. We have complied with the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants*.

Assurance Disclaimer

Since a compilation engagement is not an assurance engagement, we are not required to verify the reliability, accuracy or completeness of the information provided to us by management to compile these financial statements. Accordingly, we do not express an audit opinion or a review conclusion on these financial statements.

The special purpose financial statements were compiled exclusively for the benefit of the directors who are responsible for the reliability, accuracy and completeness of the information used to compile them. We do not accept responsibility for the contents of the special purpose financial statements.
