Compilation Report

EMJC Assets Pty Ltd
For the year ended 30 June 2024

Compilation report to EMJC Assets Pty Ltd

We have compiled the accompanying special purpose financial statements of EMJC Assets Pty Ltd, which comprise the balance sheet as at 30 June 2024, the income statement, a summary of significant accounting policies and other explanatory notes. The specific purpose for which the special purpose financial statements have been prepared is set out in Note 1.

The Responsibility of the Director

The director of EMJC Assets Pty Ltd is solely responsible for the information contained in the special purpose financial statements, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet their needs and for the purpose that financial statements were prepared.

Our Responsibility

On the basis of information provided by the director we have compiled the accompanying special purpose financial statements in accordance with the basis of accounting as described in Note 1 to the financial statements and APES 315 *Compilation of Financial Information*.

We have applied our expertise in accounting and financial reporting to compile these financial statements in accordance with the basis of accounting described in Note 1 to the financial statements. We have complied with the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants*.

Assurance Disclaimer

Since a compilation engagement is not an assurance engagement, we are not required to verify the reliability, accuracy or completeness of the information provided to us by management to compile these financial statements. Accordingly, we do not express an audit opinion or a review conclusion on these financial statements.

The special purpose financial statements were compiled exclusively for the benefit of the director who are responsible for the reliability, accuracy and completeness of the information used to compile them. We do not accept responsibility for the contents of the special purpose financial statements.

Director's Declaration

EMJC Assets Pty Ltd
For the year ended 30 June 2024

The director has determined that the company is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

The director of the company declares that:

1. The financial statements and notes, present fairly the company's financial position as at 30 June 2024 and its performance for the year ended on that date in accordance with the accounting policies described in Note 1 to the financial statements; and
2. In the director's opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

_____

Ronald Desmond Clarke

Director

Notes to the Financial Statements

EMJC Assets Pty Ltd
For the year ended 30 June 2024

1. Statement of Significant Accounting Policies

The director has determined that the company is not a reporting entity and accordingly, this financial report is a special purpose report prepared for the sole purpose of distributing a financial report to members and must not be used for any other purpose. The director has determined that the accounting policies adopted are appropriate to meet the needs of the members.

The financial report has been prepared on an accrual basis and under the historical cost convention, except for certain assets, which, as noted, have been written down to fair value as a result of impairment. Unless otherwise stated, the accounting policies adopted are consistent with those of the prior year.

The accounting policies that have been adopted in the preparation of the statements are as follows:

Income Tax

The income tax expense for the year comprises current income tax expense. The company does not apply deferred tax. Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at 30 June 2024. Current tax liabilities are therefore measured at the amounts expected to be paid to the relevant taxation authority.

Inventories

Inventories are carried at the lower of cost or net realisable value. Cost is based on the first-in, first out method and includes expenditure incurred in acquiring the inventories and bringing them to the existing condition and location.

Property, Plant and Equipment

Property, plant and equipment is initially recorded at the cost of acquisition or fair value less, if applicable, any accumulated depreciation and impairment losses. Plant and equipment that has been contributed at no cost, or for nominal cost, is valued and recognised at the fair value of the asset at the date it is acquired. The plant and equipment is reviewed annually by director to ensure that the carrying amount is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the utilisation of the assets and the subsequent disposal. The expected net cash flows have been discounted to their present values in estimating recoverable amounts.

Freehold land and buildings are measured at their fair value, based on periodic, but at least triennial, valuations by independent external valuers, less subsequent depreciation for buildings.

Increases in the carrying amount of land and buildings arising on revaluation are credited in equity to a revaluation surplus. Decreases against previous increases of the same asset are charged against fair value reserves in equity. All other decreases are charged to profit or loss.

Any accumulated depreciation at the date of revaluation is offset against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Intangibles

Goodwill is recognised as the excess of the purchase price for a business acquired over the fair value of the net assets at the date of acquisition. Goodwill is assessed for impairment annually and is carried at cost less accumulated impairment losses.

Trade and Other Receivables

Trade receivables and other receivables, including distributions receivable, are recognised at the nominal transaction value without taking into account the time value of money. If required a provision for doubtful debt has been created.

CONFIDENTIAL
ordian@valloop.com
184.146.18
2025-10-03 03:51 UTC

Financial Assets

Investments held are originally recognised at cost, which includes transaction costs. They are subsequently measured at fair value which is equivalent to their market bid price at the end of the reporting period. Movements in fair value are recognised through an equity reserve.

Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the company that remain unpaid at 30 June 2024. Trade payables are recognised at their transaction price. They are subject to normal credit terms and do not bear interest.

Provisions

Provisions are recognised when the entity has a legal or constructive obligation resulting from past events, for which it is probable that there will be an outflow of economic benefits and that outflow can be reliably measured. Provisions are measured using the best estimate available of the amounts required to settle the obligation at the end of the reporting period.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held on call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

Revenue Recognition

Revenue from the sale of goods is recognised upon the delivery of goods to customers.
Revenue from the rendering of services is recognised upon the delivery of the services to customers.
Revenue from commissions is recognised upon delivery of services to customers.
Revenue from interest is recognised using the effective interest rate method.
Revenue from dividends is recognised when the entity has a right to receive the dividend.

All revenue is stated net of the amount of goods and services tax (GST).

Leases

Finance leases are leases of fixed assets where substantially all of the risks and benefits incidental to the ownership of the asset are transferred to the entity, but the legal ownership is not transferred to the entity.

Finance leases are capitalised by recording an asset and a corresponding liability at the lower of the amounts equal to the fair value of the leased asset, or the minimum lease payments measured at present value including any residual values.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Operating lease payments are charged to the income statement on a straight-line basis over the term of the lease.

Lease incentives are deferred and amortised over the period of the lease.

Profits and losses on sale and leaseback transactions are recognised in the reporting period in which they occur.
